

**ADVENTURE QUEENS**  
— WOMEN'S COMMUNITY —

## Increasing Inclusion and Diversity Lead Queen

Adventure Queen's mission is to delicately smash down the barriers stopping women from having outdoor adventures by providing both physical and virtual spaces for women to connect, share and support each other; and also practical information, tips and advice to build knowledge, skills and confidence.

Being an inclusive and diverse community is hugely important to AQ. It's good for our community to have people from different backgrounds and life experiences contributing to our discussions and activities, and we think that AQ can play an important role in supporting many more women to feel the transformational benefits being outdoors brings to our lives.

Our ideas include proactively reaching out to people and sharing throughout our community how they experience the outdoors and what it means to them. Designing and delivering activities that build the skills and confidence of women who feel that they're a long way from identifying as an Adventure Queen, is another. Our biggest challenge will be getting to the place where the ideas for increasing AQ inclusion are coming from a diversity of women with a diversity of lived experience and we want to rapidly make this happen.

We are hoping that within our wonderful community there is someone who has a passion for making the outdoors accessible, welcoming and inclusive for all women and would like to help us build on, and achieve our ideas.

As the Lead Queen for Increasing Inclusion and Diversity you will be a key member of the Volunteer Team that is also committed to increasing AQ's diversity. You will support us to proactively develop communications, projects and activities that introduce the women who are experiencing barriers to outdoor adventures to AQ and all that the community can offer.

This is an exciting and important volunteer role - to express an interest or to have a chat about it with Nadia and Kate, Community Co-Leaders drop an email to [hello@adventurequeens.co.uk](mailto:hello@adventurequeens.co.uk)
